BIO-IDENTICAL
HORMONE
PELLET THERAPY

ARE YOU FEELING

tired, irritable, foggy, drained of energy?

ARE YOU EXPERIENCING

hot flashes, sleeplessness, or not even interested in what once vitalized you?

BIO-IDENTICAL HORMONES MEAN

hormones having the same molecular structures as the hormones your body naturally makes.

TWO HORMONES

that address quality of life are Estradiol & Testosterone. These hormones are placed in a tiny pellet and inserted just under the skin in a safe, simple, office procedure.

BIO-IDENTICAL HORMONE pellet therapy, you are replacing exactly what your body needs in a customized dose based on your individual needs.

THE PROCEDURE

typically takes 10-15 minutes. This will deliver consistent hormone levels over an extended period of time, typically 3-6 months.

WHEN CONSIDERING

pellet therapy, be assured that your pellets are formulated to the highest standards under sterile conditions by Pharmacy Solutions.
